

# myPortal for Outlook

CTI Client

**myPortal for Outlook places all of your telephony functions within the worlds #1 email software. Perfect for your users that are email dependant and who have MS Outlook open all day.**

Delivering a new ribbon and tools within the MS Outlook application your users will thank you for making telephony so easy for them.

Call controls, directories, conferencing and favourites are all instantly available for the busy desktop users.

Making, receiving and transferring calls has never been so easy for your busy staff. The call control pop up places an array of features at the click of a mouse button including ad-hoc call recording and messaging functions.

***Talking Europe's #1 telephony platform and placing it within the worlds #1 email software brings together the best of both worlds. Your email dependant staff will love the integration, becoming more productive.***

***myPortal for Outlook takes Unifys 175 years of telephony experience, and places it at the heart of one of Microsoft Outlook.***
